

Round the clock

Week 1 - Activity 1

Work in pairs

Things you will need:

- A round the clock sheet
- You may find 100s, 10s and 1s place value cards useful

What to do:

- Start at 555.
- Move clockwise - this is important!
- Add and subtract as shown.
Write the answers in the circles.
- Carry on round the clock.
You should end up at the same number as where you started!
- If you did, well done.
If not, look to see if you can find your mistake.

S-t-r-e-t-c-h:

Your challenge is to create your own round the clock face sheet! You must start and end on 555. You may need a pencil and rubber to begin with!

Learning outcomes:

- I can use place value to add and subtract to/from 3-digit numbers (changing one digit).
- I am beginning to identify what needs to be added/subtracted to make a given number.
